HOW IS THE BONUS CALCULATED AND DELIVERED?

The following calculation and delivery rules will apply:

1. Any Electricity and/or Natural Gas payout will be calculated at the end of each month during the program period based on the average XOOM Energy supply charges (commodity only by service type) for all of the relevant IBO's qualified customers.
2. Average XOOM Energy supply charges (commodity only by service type) for qualified customers will be calculated based on the last completed billing cycle for each such customer.
3. Taxes, surcharges, past due fees and any charges by the local utility are excluded from the payout calculation.
4. Customer qualification will be determined on the last day of each calendar month during the program period. Once qualified, accounts must remain active and in good standing through the middle of the month when XOOM Energy performs their validation.
5. ACN will process the payout as an IBO payment through the normal payout cycle, subject to the same payment terms that apply to other IBO payments.
6. Payout will be made within one month after the end of the qualifying month.
7. IBOs are solely responsible for any taxes, fees, or other charges associated with the payout amount.
8. ACN reserves the right to withhold amounts as may be required by applicable laws or regulations.
9. Missing credits must be disputed within two months following the relevant qualification month or the right to dispute those credits is waived.
10. ACN has the right to modify or end this program at any time at its discretion.
